ADDENDUM TO NOTICE OF ANNUAL GENERAL MEETING

Victory Mines Limited (ACN 151 900 855) (**Company**), gives notice to Shareholders that, in relation to the Notice of Annual General Meeting announced on the Company's ASX announcements platform on 27 October 2017 (**Notice of AGM**) in respect of an annual general meeting of Shareholders to be held at 10.00am (WST) on 29 November 2017 at Level 11, London House, 216 St Georges Terrace, Perth (**Meeting**), the Directors have determined to amend and supplement the information contained in the Notice of AGM provided to Shareholders by this addendum to the Notice of AGM (**Addendum**) for the purposes set out below.

Definitions in the Notice of AGM have the same meaning in this Addendum. In the event of any inconsistency the definitions used in this Addendum prevail.

This Addendum to the Notice of AGM is supplemental to the original Notice of AGM and should be read in conjunction with the original Notice of AGM. Save for the changes set out below, all other Resolutions proposed in the original Notice of AGM remain unchanged.

Background

Resolution 13 of the Notice of AGM was included to seek approval for the Company to be able to issue additional Shares following the Meeting for the purpose of raising up to \$2,500,000 to be used to advance the Company's exploration and project development activities and to identify and review potential new opportunities.

As announced on 14 November 2017, the Company subsequently entered into a binding agreement (**Agreement**) pursuant to which it has agreed, subject to satisfaction of certain conditions precedent, to acquire 100% of the shares in Cobalt Prospecting Pty Ltd (**Cobalt**) from Cobalt's current shareholders (**Vendors**) (**Acquisition**). Cobalt is the beneficial holder of certain tenements and tenement applications in New South Wales and Western Australia primarily prospective for cobalt.

Also announced on 14 November 2017, the Company intends to conduct a capital raising to raise up to \$2,100,000 through the issue of up to 300,000,000 Shares and 150,000,000 Options (in the Company's existing quoted class – exercisable at \$0.02 and expiring on 28 December 2020) (**Listed Options**) (**Placement**).

The Placement is being conducted in two tranches with 45,754,995 Shares issued under the Company's 7.1 and 7.1A placement capacity (**Tranche 1**) and the remaining 254,245,005 Shares (**Tranche 2**) being issued subject to Shareholder approval (refer to new Resolution 13). The issue of the Listed Options is also subject to Shareholder approval (refer to new Resolution 14).

Given the change in structure of the capital raising and the potential change in use of funds, this Addendum amends and supplements the Notice of AGM in order to give effect to the changes in the Company's circumstances.

Shareholder approvals required for completion of the Acquisition (e.g. issue of consideration securities) will be sought at a separate meeting with a notice of meeting to be sent to Shareholders in due course.

SUPPLEMENTARY EXPLANATORY STATEMENT

Section 12 of the Explanatory Statement is deleted and new Sections 12 and 13 are added.

12. RESOLUTION 13 – APPROVAL TO ISSUE SHARES - TRANCHE 2

12.1 General

Resolution 13 seeks Shareholder approval for the issue of up to 254,245,005 Shares under Tranche 2 of the Placement.

ASX Listing Rule 7.1 provides that a company must not, subject to specified exceptions, issue or agree to issue more equity securities during any 12 month period than that amount which represents 15% of the number of fully paid ordinary securities on issue at the commencement of that 12 month period.

The effect of Resolution 13 will be to allow the Company to issue the Shares pursuant to the Tranche 2 Placement during the period of 3 months after the Meeting (or a longer period, if allowed by ASX), without using the Company's 15% annual placement capacity.

12.2 Purpose of Placement

The purpose of the Placement will primarily be to fund activities at the Company's Bolivian Projects.

Exploration activities planned by the Company have taken longer to commence than anticipated and accordingly exploration expenditure has been delayed. However, in the September 2017 quarter, the Company has spent approximately \$340,000 on exploration activities.

Expenditure is expected to increase as results of the current exploration program in Bolivia are received and the Company commences the planned feasibility study.

The Company is currently undertaking a drilling and sampling program in Bolivia (1,128 samples from 137 drill holes) and is confident this work will generate sufficient information to enable estimation of volume and tonnage of each of the tailings areas and the content of tin, silver and other valuable metals, such as tantalum, throughout the deposits. Results are expected in December 2017.

As announced on 16 August 2017, once the feasibility study has been finalised, it is expected that the Company will then finalise its environmental study and social study and, as such, be able to complete the requirements to enter into a production contract with CONMIBOL. The environmental and social studies are expected to take 6 to 9 months. It is expected that the production contract with the Company will be passed by the Bolivian Government within 18 months from completion of drilling.

In addition, the Company intends to allocate funds from the Placement to further exploration of its recently acquired Laverton and Bonaparte projects as well as, subject to completion of the Acquisition, the cobalt project being acquired by the Acquisition. As announced on 18 September 2017, this includes a gravity survey at Bonaparte in November (weather permitting) followed by a drilling campaign (subject to results).

The Board believes it is prudent of the Company to seek to raise funds for its activities to cover a budgeted period of 12 to 24 months.

12.3 Technical information required by ASX Listing Rule 7.1

Pursuant to and in accordance with ASX Listing Rule 7.3, the following information is provided in relation to Resolution 13:

- (a) the maximum number of Shares to be issued is 254,245,005;
- (b) the Shares will be issued no later than 3 months after the date of the Meeting (or such later date to the extent permitted by any ASX waiver or modification of the ASX Listing Rules) and it is intended that issue of the Shares will occur on the same date;
- (c) the Shares will be issued at an issue price of \$0.007;
- (d) the Shares to be issued are fully paid ordinary shares in the Company and rank equally in all respects with the Company's existing ordinary shares;
- (e) the Shares will be issued to sophisticated and professional investors who are clients of Everblu Capital Pty Ltd and Hartleys Limited to whom, under section 708 of the Corporations Act, a disclosure document under Chapter 6D of the Corporations Act is not required to be given, and none of whom is a related party of the Company; and
- (f) the funds raised from Tranche 2 (together with funds raised from Tranche 1) are intended to be used as follows:

Use of funds	\$
Exploration expenditure on existing projects (Bolivia, Laverton, Bonaparte)	450,000
Cobalt project exploration expenditure*	500,000
Costs of the Placement	126,000
Corporate and administration costs	1,024,000
TOTAL	2,100,000

** Acquisition of the cobalt project remains conditional on, amongst other things, Shareholder approval, which will be sought at a Shareholder meeting after the AGM. In the event completion of the Acquisition does not occur, funds allocated to cobalt project exploration activities will be reallocated to the exploration activities on the Company's existing projects.*

13. RESOLUTION 14 – APPROVAL TO ISSUE LISTED OPTIONS

13.1 Background

Resolution 14 seeks Shareholder approval for the issue of up to 150,000,000 Listed Options to be issued to subscribers of Shares under the Placement on a one for two basis.

A summary of ASX Listing Rule 7.1 is set out in Section 12.1.

The effect of Resolution 14 will be to allow the Company to issue the Listed Options pursuant to the Placement during the period of 3 months after the Meeting (or a longer period, if allowed by ASX), without using the Company's 15% annual placement capacity.

13.2 Technical information required by ASX Listing Rule 7.1

Pursuant to and in accordance with ASX Listing Rule 7.3, the following information is provided in relation to Resolution 14:

- (a) the maximum number of Listed Options to be issued is 150,000,000;

 - (c) the Listed Options will be issued for nil cash consideration to the subscribers of Shares under the Placement on a one for two basis and therefore no funds will be raised from their issue; and
 - (d) the Listed Options will be issued on the terms and conditions set out in Schedule 1 of the Notice of AGM.

A Shareholder who appoints 2 proxies may specify the proportion or number of votes each proxy is appointed to exercise. If a Shareholder appoints 2 proxies and the appointments do not specify the proportion or number of the Shareholder's votes each proxy is appointed to exercise, each proxy may exercise one-half of the votes. Any fractions of votes resulting from the application of these principles will be disregarded. A duly appointed proxy need not be a Shareholder.
2. **(Direction to vote):** A Shareholder may direct a proxy how to vote by marking one of the boxes opposite each item of business. The direction may specify the proportion or number of votes that the proxy may exercise by writing the percentage or number of Shares next to the box marked for the relevant item of business. Where a box is not marked the proxy may vote as they choose subject to the relevant laws. Where more than one box is marked on an item the vote will be invalid on that item.
